

Profile

Dalyan Stewart Hawes

Dalyan decided at a very young age that he wanted to be the best goalkeeper South Africa has ever seen. With very hard work and total dedication he is well on his way to achieving his goal, and this while still completing his schooling!

He has always been a keen sportsman, and competed at high levels in athletics during his junior school years. He has also represented his school for both soccer and cricket every year.

He was selected as a leader at his school (Aurora Private School) for 2010.

When he does not train with his club, he trains with his Goalkeeper coach (Alan Marcus). He only takes a break from training one day per week. He often assists his coach with training the junior keepers as part of his community service.

Hard work and dedication has paid off and Dalyan has been called to the national u23 team for a training camp. They will be playing two matches in Zimbabwe during this time.
