Hi All,

I am sure most of you have heard already but for those who have not.....It is with happiness that I can announce that we have been allocated **R600 000** from the Lottery.

This money will go far in our rebuilding efforts. SC will sit down over the next few weeks and decide on the allocation of the funds

Many thanks to all those involved in completing the applications especially our Toni who drove this process last year .

This is good news so please spread the word to everybody associated with Panorama as this was a club effort. From the SC committee to the member who pays their fees on time and to those who participate and contribute to all our charity drives (i.e., Christmas drive and school goodies). Many many thanks.

Kind Regards

Richard Walker
